

Gender of the Beast

Zimmers Hole

Cunt you see... the gender of the beast
Sly grin... a sweet caress
Soon you're feeding right from the beast
Cheese cake... a slice of pie
A pair of cans... and a big brown eye.....i just can't resist...
The demon temptress... she always wins
She's got the skills to suck you in
Cunt you see...?
The gender of the beast
Cunt you see...?
