

Couldn't Beat the Odds

Quando Rondo

(touch money)i lost my cousin to that iron, i lost my n---- toâ€ itâ€ too
tears in myâ€ eyes, i often try, they don'tâ€ know what i'm going through
i'm hurt inside from all the lies, why the f--- they can't tell the truth?
its hurtin' now cause i'ma die and nobody else in this crew
no i ain't never graduated, i learned from the old school
when you had put in what you got, it never equals to two
i never smoke on what i bought, that's not one thing that i do
my mama dropped her head in court 'cause i can't tell on my dudeswhy is it so hard for them to keep it real?
that's why i feel like i can't trust no one
i played my cards but i can't save the s---
yeah, that's why really i can't trust no one
i gave it my all and my heart
i couldn't beat the odds for no reason
save myself from a fall
it don't matter what you did
you still gon' beat the cement
yeah, i f----- that b---- to get a nut
she f----- that boy and fell in love
i sip that lean from day to night, i live my life doin' these drugs
with no guitar like elvis presley, i'ma rock out wit' my thugs
i told that boy "better not test me", timmy glock out in the club
up and down, round and round, i realize ain't no way around
my feelings in a lost and found 'til [?] went out and found it
before the watches and the chain, ain't nobody wanna hang around me
before the cameras and the fame, i was locked and stuck on confinementthey know my youngin bust his brain so
i told them boys i ain't having it
the way she f--- it and s--- it, i swear that shawty bring it out me
i got the presence of a crib and ain't no way that i can hide it
i'm tryna switch track all these n----- while my money multiplying
i ran my cash up on these n-----, they hatin', found out i'm smiling
don't make me act up on you n----- in the hood i post i'm wilding
i f----- that b---- inside the hills and then i nut all on her blouse
i popped a perc and went to work, i told the b---- "give me an hour"
why is it so hard for them to keep it real?
that's why i feel like i can't trust no one
i played my cards but i can't save the s---
yeah, that's why really i can't trust no one
i gave it my all and my heart
i couldn't beat the odds for no reason

save myself from a fall
it don't matter what you did
you still gon' beat the cementyeah, i f----- that b----- to get a nut
she f----- that boy and fell in love
i sip that lean from day to night, i live my life doin' these drugs
with no guitar like elvis presley, i'ma rock out wit' my thugs
i told that boy "better not test me", timmy glock out in the club
up and down, round and round, i realize ain't no way around
my feelings in a lost and found 'til ... went out and found it
before the watches and the chain, ain't nobody wanna hang around me
before the cameras and the fame, i was locked and stuck on confinement
