

Pen Cap Chew

Nirvana

Lesser God

Lesser God

Lesser God

You get, you get, you get, you get to me

Holy is the time, it's such an easy way to go

You get, you get, you get, you get to me

Hide the struggle in the skin under a fingernail

Lesser God

Lesser God

Lesser God

Lesser God, oh you're lonely

Waste your time by saving worthless gullibles

Kill a politician and then wear his clothes

This decade is the age of re-hashing

Protest and then go to jail for trespassing

Two minutes

Slow

Slow

Slow

Slow
