

# Superman

## Blindside

I would like to see  
Differently  
I would like to walk  
Like I talk  
Would like to breathe  
The air that I need  
Would like some bread  
Although I've just been fed I wish that I could stop  
Playing superman  
I have decided to let the case drop  
I'm not superman With my hands I can do  
Fake food  
With my hands I can drown  
All your sounds  
With my hands I sometimes think  
That I can do  
Just like You  
With my hands I can make  
Mistakes
