

# Brilliant Sky

Saybia

Brilliant sky nothing has changed  
I'm exactly the same as before  
We went cruising in a high speed lane  
I'm still dreaming of open sky, open road  
But grass is not greener on the other side  
I know by now 'cause I walked the red carpet and died  
There is so much more to life than what meets the eye  
We're running wild on the ocean, running wild  
Brilliant sky all over  
Theres a brilliant sky all over, these days, yeah  
Theres a brilliant sky all over, these days  
Hang on, hang on, hang on  
And I thought I was safe on this one way crusade  
But reality claimed my heart and my friends  
Now this is day one in the rest of my life  
And I'm feeling all grounded and my spirit is high  
And I'm longing for open sky, open road  
We're running wild on the ocean, running wild  
Theres a brilliant sky all over, yeah  
Theres a brilliant sky all over, these days, yeah  
Theres a brilliant sky all over, these days, these days  
Hang on, hang on  
Theres a brilliant sky, yeah  
Theres a brilliant sky  
Ooh, we're running wild on the ocean, running wild
