Welcome to the Real

Thunderstone

From the lonely road to nowhere
Into the eye of the storm
I've been waiting for this moment so long
Looking ahead with clear and hungry eyes
Embracing the power and glory
I see only me
Further I reach the harder I fall
I realize I cannot fly without wings
Will you catch me will you let me take the fall
Give me your hand because alone I'm nothing at allWelcome to the real
Where dreams are brought down
Welcome to the real
Where trust gives in to truth
Welcome to the real
High hopes and wide visions
I feel like living a dream
Upside down the world looks better
If this is your truth I never want to wake up
Bring me fortune bring me fame
That's what I'm dreaming
Open my eyes and it's all gone
