Uncover

Senest spillet: Zara Larsson

Nobody sees - Nobody knows
We are a secret - can't be exposed
That's how it is - That's how it goes
Far from the others
Close to each otherIn the daylight - in the daylight
When the sun is shining
On a late night, on a late night
When the moon is blinding
In the plain sight - Plain sight
Like stars in hiding
You and I burn on, onPut two and to-gether - forever
We'll never change
two and to-gether
We'll never changeNobody sees - Nobody knows
We are a secret - can't be exposed
That's how it is - That's how it goes
Far from the others
Close to each other
That's when we uncover, cover, cover.
That's when we uncover, cover, cover.My silent- My silent
Is in your arms
When the worn gives happy bird-ees
I can bear a thousand tonnes
On your shoulder - on your shoulder
I can reach an endless sky
Feels like paradisePut two and to-gether - forever
We'll never change
two and to-gether
We'll never changeNobody sees - Nobody knows
We are a secret - can't be exposed
That's how it is - That's how it goes
Far from the others
Close to each other
That's when we uncover, cover, cover.
That's when we uncover, cover, cover.We could build a universe right here
All the world could disappear
Wouldn't notice, wouldn't careWe could build a universe right here
The world could disappear
Yeah, I just need you nearNobody sees - Nobody knows

We are a secret - can't be exposed
That's how it is - That's how it goes
Far from the others
Close to each other
That's when we uncover, cover, cover.
That's when we uncover, cover, cover.That's when we uncover.
