

Iâ€™ve Been Loving You Too Long (To Stop Now)

Cat Power

I've been loving you a little too long
I don't want to stop now
There were time and your love is glowing cold
Can't stop now 'cause our fair goes on
Been loving you too long, I just can't stop With you my love, my life has been so wonderful
I just don't wanna stop now
I can't, I can't, I can't
And I'm down on my knees for you, I just can't I've been loving you a little too long
I just don't wanna stop
I've been loving you, I've been loving you too long
I can't seem to stop myself, I can't seem to hold myself
Up on my two feet God Almighty, I love, I love, I love you
[Incomprehensible]
