

# Small face (BREAKDOWN SHOW)

## The Plot in You

I wasn't sure if I should stay or go  
I had covered for you for way too long  
This isn't how it's supposed to be  
And it's taken its toll on me  
I'm so disgusted with myself  
You told me they'd never find out  
They wouldn't care, they wouldn't believe me  
I hope you let me sleep tonight  
You creep up on me when she's not around, not around to save me  
Why can't you just go away  
What if I can't forget anything, everything  
What if I wait here, what if I stand here waiting  
I'm falling apart  
You made me lay there hopelessly  
I couldn't scream a word, I couldn't push away  
If this is what you need to get off, I'd hate to see what's next for you  
Are you disgusted with yourself?  
She'd have you slaughtered and hope you burn in hell  
You creep up on me when she's not around, not around to  
save me  
Why can't you just go away  
What if I can't forget anything, everything  
What if I wait here, what if I stand here waiting
