Rock With You

Basto

You know I'm thinking know I'm thinking
We should get some time alone
I try to keep from going under but the feeling's just too strong
They say that opposites attract so you be right and I'll be wrong
This groove is taking me to places that I never thought I'd go
So buckle up your seat belt
Get ready for impact
I'll be first to tell you
The funk is coming back
I just wanna rock with you
Don't really care about a thing that they say
Never wanna stop with you
I'm tired of waiting come on over this way
I've fallen hard before
But no one's ever moved like you do

You've heard the jealous talk well baby
They just wish they had this
So buckle up your seatbelts get ready for impact
Just like I was saying you know opposites attract
I just wanna rock with you
Don't really care about a thing that they say
Never wanna stop with you
I'm tired of waiting come on over this way
Rock with you
I'm a fan of what you do
I wanna rock with you
Rock with you
I can see you want it too
I wanna rock with you
