Triumph

David Keane

Many are the afflictions of the righteous
many falls along the way
many times feel abandoned
cry out to God "Is there no other way!"
Lord, when I'm walking through the valley
sometimes it feels like you're not there
when the enemy surrounds me
cause my heart to pound with fear
Lord, please open my eyes to see
many angels there surrounding me
angels watching over my head(over my head)
standing guard around my bed
Lord, in the middle of the night(in the middle of the night)
when it looks so wrong it's going right
you causing me to triumph
causing me to triumph once again
causing me to triumph
causing me to triumph once again

Many are my accusers
many wanting me to give in
today I celebrate a victory
tomorrow I'm fighting once again
many waters, Lord, surround me
troubles rushing like a flood
O when life seems so confusing
thinking will I ever win
Lord, please open my eyes to see
many more from you surrounding me
angels helping me to stand
my God they're holding up my hands
and in the middle of the night(in the middle of the night)
when it looks so wrong it's going right
you causing me to triumph
causing me to triumph once again
causing me to triumph
causing me to triumph once again

(when you walk through the fire

you won't be burnt)
causing me me to triumph
causing me to triumph once again
(when you walk through the waters
you will not drown)

when I walk through the waters
Lord, you been there with me!
Oh oh oh!
Lord, you been with me through the fire
You been my help in times of trouble!
Causing me to triumph
causing me to triumph once again...
