

What I Want Is What I've Got

Westlife

All that I want in my life
Is the feeling of peace
Deep within me truly
I took a chance, I let go
I promised myself
That it wouldn't scare me
Miracles appear, I know
Now I can see it show 'Cause I found out what I dreamt of
And I looked it up
At this very moment
What I want is what I've got
Found out what was missing
And I looked it up
And at this very moment
What I want is what I've got
Life is too short to hold back
I won't live in the past
Being lonely now, I know
This is the time of my life
Yes, I'm sure what I want
Is what I've got
Miracles appear, I know
Now that I can see it show 'Cause I found out what I dreamt of
And I looked it up
At this very moment
What I want is what I've got
Found out what was missing
And I looked it up
And at this very moment
What I want is what I've got
Now I've found out
What I've been dreaming of
It's the feeling of peace deep within me
'Cause life is too short to hold back
I made up my mind
I just found out what I dreamt of
And I looked it up
At this very moment
What I want is what I've got
Found out what was missing
And I looked it up
And at this very moment
What I want is what I've got
What I want now is what I got, yeah
What I want now
What I want is what I've got
What I want now is what I got, yeah
What I want now

What I want is what I've got Found out what I dreamt of
And I looked it up
At this very moment
What I want is what I've got Found out what was missing
And I looked it up
And at this very moment
What I want is what I've got
