

Slippin' Again

DMX

[Intro]

Its what it is baby, straight biz baby

We aint kids baby

We get down like that

Its what it is baby, straight biz baby

We aint kids baby

We get down like that[Hook]

Slipping and falling,

This time it got a nigga calling

Up to the lord where Im crawling

All my nigga getting tired of

Slipping and falling, slipping and falling

Slipping and falling,

This time it got a nigga calling

Up to the lord Im crawling

All my nigga getting tired of

Slipping and falling,[Verse]

More money, more problems

I thought more money would solve them

I spent more money in Harlem

That Frank Lucas did before the boys dropped

Now shit done changed

I dont feel it, shit look strange!

I realized shit aint the same

At the end of the day, shit aint the game

Nigga go and do it, best slip and fell

Went to the hood, took a trip to hell

Deal when I should, swore my shit sell

Orange knew I could, so I did well[Hook]

Slipping and falling,

This time it got a nigga calling

Up to the lord where Im crawling

All my nigga getting tired of

Slipping and falling, slipping and falling

Slipping and falling,

This time it got a nigga calling

Up to the lord Im crawling

All my nigga getting tired of

Slipping and falling,[Verse]

If yall only knew what my life was like
And what Im going through
Maybe youd think before you talk,
You gotta crawl before you walk
Think having money is the answer
Money aint nothing but another form of cancer
Or you can do is watch me die
You dont wanna watch me try
So watch me fly!
But you gonna do is watch me fly
Do my thing from that big stage in the sky
Lord, please, hold me down!
Cause now everybody wanna know me now[Hook]
Slipping and falling,
This time it got a nigga calling
Up to the lord where Im crawling
All my nigga getting tired of
Slipping and falling, slipping and falling
Slipping and falling,
This time it got a nigga calling
Up to the lord Im crawling
All my nigga getting tired of
Slipping and falling,[Verse]
Please help me! Which way do I go?
Life gives a fuck which face do I show
Cause I know, cant show them all
Even though I slipped and fell I wont fall
Get it? Ok you dont some of yall will
But most of yall wont
Ima keep living life being a man that got bang and
I know only he can save me! [Hook x2]
Slipping and falling,
This time it got a nigga calling
Up to the lord where Im crawling
All my nigga getting tired of
Slipping and falling, slipping and falling
Slipping and falling,
This time it got a nigga calling
Up to the lord Im crawling
All my nigga getting tired of
Slipping and falling,[Outro]
I wish you knew, I wish you fucking knew
I wont fall, I dont wanna fall
I wish, aha.
