

# Enjoy the Unknown

## And One

My present to you  
the sweetest tattoo  
collapsing hearts in reddest blue  
you will be scared by signs on your pillow  
he's not you man - no!The poems I wrote revealing the code  
to my thoughts which help to note  
that I realized your deepest desire  
pick up the phone - enjoy the unknown  
Enjoy the unknown  
Your smile on tv means nothing to me  
'cause you are all you could be  
and I feel sorry 'bout the death of your pet!  
Enjoy the unknown  
always always  
enjoy the unknown  
always always  
the end is near  
we're dying here  
always always  
enjoy the unknown  
creep around your window  
Enjoy the unknown  
Enjoy the unknown  
always always  
enjoy the unknown  
always always  
the end is near  
we're dying here  
always always  
enjoy the unknown  
creep around your window  
Enjoy the unknown...
