

Down On the Bottom

The New Basement Tapes

Down on the bottom
Down to the last drop in the cup
Down on the bottom
No place to go now but up

Always been in trouble
Nearly all of my life
Always been in trouble
Struggle, scorn and strife

Go find me my bluebird
Flying so high up above

Go find me my bluebird
Go find me somebody to love

Down on the bottom
Down to the last drop in the cup
Down on the bottom
No place to go now but up

Always been in trouble
Nearly all of my life
Always been in trouble
Struggle, scorn and strife

Go find me my bluebird
Flying so high up above

Go find me my bluebird
Go find me somebody to love

Down on the bottom
Down to the last drop in the cup
Down on the bottom
No place to go now but up

Down on the bottom
Down to the last drop in the cup
Down on the bottom

No place to go now but up
