

Through The Virgin Sky

Dimension Zero

 Their eyes are opened
slowly they are starting to breathe
 the sky is growling in wrath
thunder and lightning is released
 aware of eachothers powers
 a feeling of battle appears
 facing heaven in anger
 a carnage is soon to await
 Through the virgin sky
 raping the surface
 penetrating earth
powers from the lost worldTotal fucking chaos
 the ancient meets today
 erased is the hope
sudden death to comeThrough the virgin sky
 raping the surface
 penetrating earth
powers from the lost worldVisions from the past
 marching into war
 unleashed upon the earth
killing all that breathesThrough the virgin sky
 raping the surface
 penetrating earth
powers from the lost worldTheir eyes are opened
slowly they are starting to breathe
 the sky is growling in wrath
thunder and lightning is released
 aware of eachothers powers
 a feeling of battle appears
 facing heaven in anger
 a carnage is soon to await
