

Avalon of the Heart

[Van Morrison](#)

On down by Avalon, Avalon of the heart
On down by Avalon, gonna make a brand new start
Oh, the holy grail, baby, behind the sun
Oh, the holy grail down by AvalonWell, I came upon the enchanted vale down by the viaducts of my dreams
Down by Camelot hangs the tale in the ancient vale
Oh, the Avalon sunset, Avalon of the heart
I'm with my lady goin' down by AvalonWell, I came upon the enchanted vale down by the viaducts of my
dreams
Oh, near Camelot hangs the tale of the enchanted vale
In the upper room, oh, the cup does stand
In the upper room, down by AvalonGoin' down by Avalon, oh, my Avalon of the heart
Goin' down by Avalon, gonna make a brand new start
[Incomprehensible]
