Can I Get a Witness

Frank Black

Maybe you got faith
In where this is going
Maybe I'll pull up the stakes
And I'll be letting goI could not believe
I could not believe
Can I get a witness, witness
Can I get a witness, witness
Can I get a witness, witnessYou know a lot of times I think how big
And I feel lost on the zag zig nowI could not believe
I could not believe
Can I get a witness, witness
Can I get a witness, witness
Can I get a witness, witnessAnd some of these people are just so lame
I don't feel like a pupil
Just a loser on a game showI just can't believe it
No, I can't believe it
Can I get a witness, witness
Can I get a witness, witness
Can I get a witness, witnessI'm rooting for you
And I toasted when I heard about you
And how you got a witness
A citizen maybe in another place
Here comes the wind
I'm a chaser
It's time to leave
Here comes
It's time to leaveCan I get a witness, witnessCan I get a witness, witness
