Love Walked In

Thunder

So tired of waiting, I walked an empty land
I was looking for something to help me understand
But bad luck kept turning my dreams into sandI didn't want pity, I had my share of friends
I wanted somebody more special than the rest
I was aching inside like I was approaching the endJust about that moment the timing was so right
You appeared like a vision sent down to my life
I thought, I was dreaming when I saw you that nightThat's when love walked in through my door
That familiar feeling I had once before
Love walked in through my door and it felt so strange, oohIt's hard to remember being on my own
Ooh, that kind of loving makes a hard man lose control
But I sleep so much better, now I'm not aloneSo promise me, baby, you're always gonna stay
I don't think I could take it, seeing you walk away
You don't need to doubt it, I remember that dayThat's when love walked in through my door
I found just what I wanted but I got so much more
Love walked in through my door and it felt so strangeLike a long lost friend that hadn't changed
Giving me hope again
Love walked in, love walked in, loveOoh, just about that moment the timing was so right
You appeared like a vision sent down to my life
I thought, I was dreaming when I saw you that nightThat's when love walked in through my door
That familiar feeling I had once before
Love walked in through my doorOh, love walked in through my door and it felt so strange
That familiar feeling I had once before
Love walked in through my door and it felt so strangeLike a long lost friend that hadn't changed
Giving me hope again, ooh
Love walked in, ooh, love walked in, love
Love walked in, love walked in, oh
