

I Love You (Remix) feat. Jim Jones & Young Joc

Cheri Dennis

Oh, yeah
Da, da, da, da, da (Bad boy)
Oh, Yeah (come on) Jim Jones! Now what would Diddy say if he caught you in my coupe
On the way uptown if the ball get loose
Tearin' through the blocks, tearin' of the tops
Sun all in your face and it's glarin' of my rocks
I had to ask her how she felt, said let's ride she ain't strap on a seatbelt
I stay fly, fitted cap with a mean belt that's the thug shit that's makin' her knees melt Boy I trust you and all
But I've been here before you
You remind me of pain
But I can't ignore you After I met you boy
I try my best not to
Think of you
Such a silly game to play
To eventually just lose to you Can I get another chance to hold you tonight
Dance on my left and things feel so right
Hold you boy with all of my might
Just don't let you slip away
I pour my heart out to you from now to daylight
So you could know hurting you was never my right
I'm trying to see what's in the cards for tonight
Boy accept this as my plea [Chorus]
I love you
I love you
I love you (Hey, hey)
So don't break my heart I felt a weight lift from my chest
Now that you know just how I feel
I held it in for far to long
I couldn't tell if this was real I never thought I'd understand
How it feels to be hurt and to love again (Oh, no, no)
You made it possible for me
That's why I'll give you anything Can I get another chance to hold you tonight
Dance on my left and things feel so right
Hold you boy with all of my might
Just don't let you slip away
I pour my heart out to you from now to daylight
So you could know hurting you was never my right
I'm trying to see what's in the cards for tonight
Boy accept this as my plea [Chorus] Just like the stars in the sky

You brought light to my life
That's why I love you
Just don't break my heart Without you by my side
I was wasting my time
But now I love you
Just don't break my heart Look, I think she love me (love me) I think she love me not(not)
Anywhere I touch her turn to a hot spot
Look into my eyes tell me what you see A grade A hustla, a certified G
Only one question, what attracted you to me the way I do me make you weak to your knees
Now Cheri you know a nigga can't wait to put my hands on that little cherry coke bottle shape
Like uh you said a nigga make ya heart jump like uh
You said a nigga give you goose bumps like uh
Send chills up and down ya spine uh
Yung Joc like to watch you from behind [Chorus] Just like the stars in the sky
You brought light to my life
That's why I love you
Just don't break my heart Without you by my side
I was wasting my time
But now I love you
Just don't break my heart
