

# Danger

## Dr. Sin

Wake up  
We've gotta get out  
There's no time left  
There's nothing left  
Here for meIn my mind  
    you won't find  
    No answers  
    The nightmares  
Has just begunOh Oh  
    I've got a feeling  
    Something is coming  
        And I know  
    It's coming for my soul  
        Oh yeahOh Oh  
    I feel the danger  
        All around me  
        And my heart  
            Is beating  
        Out of control
