

# Life Among the Savages

## Papercuts

Hold on, I said lets talk  
I tryed, but I couldn't escape, they're callin' me  
Come back to the show!But I'm not going, don't fear the animals  
I try, but they're never rich  
Their father go to be one of usAnd it's living not since so long ago  
Just leave me here, I don't wanna go  
Back there  
I'm hearing all the savages  
Life is a gas  
Man, I couldn't even call it it  
Holding me back there  
Call me in the conduct, right to the shore  
But I chose mineHold on, I said lets talk  
I tryed, but I couldn't escape, they're callin' me  
Come back to the show!But I'm not going, don't fear the animals  
I try, but they're never rich  
Their father go to be one of us  
I'm hearing all the savages  
Life is a gas

Holding me back there  
Call me in the conduct, right to the shore  
But I chose mine
