

# My Oldest Friend

## Medusa Stone

on't wanna sound ridiculous  
But I think you know I'm sick of this  
And I kinda think that we can bend, do you?  
I'll try to be a better friend to you  
You know I miss ya in my life  
And I kinda think that I realize  
That I was only lookin out for me  
Instead of gettin you the help you need  
Who do you think you are?

Who do I think I am?  
Barely listening to my oldest friend  
I've given one, you've taken two  
But this medicine has followed you  
From the eastern coast and back again  
So I tell you once but not again  
That I only miss you in my life  
And I hope you finally realize  
That I'm only looking out for you  
When I'm not afraid to see this through
