Just To Feel That Way

Taylor Hicks

I feel you letting go
Holding on, caught in between
Could you risk the pain
Take the chance your heart might bleed
Just to feel that wayCan't keep running in circles
I'm standing right here
Could you rewrite the story
But trade all the tears?
Oh, it's not too late to feel that wayTake a walk on the wire
I won't let you go
We'll follow the streetlights
Down this jagged road
We'll break it all open
Finding our way
We might end up broken and wounded
But, baby, it's worth it
For even one day
Just to feel that wayLet this moment unravel
And we'll be alright
The world might be gone tomorrow
But we're here tonight
Oh, it's not too late just to feel that wayLet's walk on the wire
I won't let you go
We'll follow the streetlights
Down this jagged road
We'll break it all open
Finding our way
We might end up broken and wounded
But, baby, it's worth it
For even one dayJust to fall apart
I don't care
I'm not going anywhere
Without you being here by my side
Yeah, I just don't feel right
We'll follow the streetlightsLet's walk on the wire
I won't let you go
We'll follow the streetlights
Down this jagged road
We'll break it all open

Finding our way
We might end up broken and wounded
But, baby, it's worth it
For even one day
For even one day
Just to feel that way
Just to feel that way
