

Tonight Is So Right for Love

[Elvis Presley](#)

Hold me tight, the moons so bright
Tonight is so right for love
Now's the time to say, you'll be mine
Tonight is so right for love One by one the stars appear
They twinkle in your eyes
Who'd believe that we'd be here
So near to paradise This could be the kiss to unlock Heavens door
That magic hour of bliss that we both waited for
I love you more and more Oh, well, we could fly right up to the sky
The things we've been dreaming of And how real they would seem
A midsummer nights dream
Can't you see that tonight is so right for love? Oh, how real they would seem
A midsummer nights dream
Can't you see that tonight is so right for love?
Tonight is so right for love Hold me tight, the moons bright
Tonight is so right for love
