

I Hope That I Don't Fall In Love With You

Hootie & The Blowfish

Well, I hope that I don't fall in love with you
Falling in love just makes me blue
Well, the music plays and you display a part for me to see
I had a beer and now I hear you calling out for me
And I hope that I don't fall in love with you Well, the night does funny things inside a man
These old tomcat feelings you don't understand
Well, I turn around to look at you, you light a cigarette
Wish I had the guts to bum one, but we never met
And I hope that I don't fall in love with you I can see that you are lonesome just like me
And indeed, oh, would you like some company
Well, I turn around to look at you, you look back at me
The guy you're with, he's up and split, the chair next to you is free
And I hope that you don't fall in love with me Well, it's closing time, music's fading out
Last call for drinks, I'll have another stout
Well, I turn around to look at you, you're nowhere to be found
I search the place for your lost face till I'll have another round
And I think that I just fell in love with you
