

# I Don't Wanna Know (Live at The London Forum)

## New Found Glory

I don't want to know  
I don't want to know Your eyes were covered in sunglasses  
When they first met mine  
I sat there and stared at you  
You didn't seem to mind  
The awkward ways we meet First comes heavy breathing  
Staring at the ceiling  
What will happen next  
I don't want to know  
I don't want to know I never cared how I dressed before  
But I cared that night  
Anticipation ran through my bones  
And my clothes never fit right  
I can't wait 'til we meet again First comes heavy breathing  
Staring at the ceiling  
What will happen next  
I don't want to know  
I don't want to know Framed pictures start to be put on the walls  
Constant visits while I'm out on the road  
It's hard to leave sometimes  
But you know where I lay my head at night First comes heavy breathing  
Staring at the ceiling  
What will happen next  
I don't want to know  
I don't want to know
