

Magic Hotel (feat. Timbaland & BK Brasco)

Karl Wolf

Ey ey ey ey
Ey ey ey ey
Oh oh oh oh
Oh oh oh ohhh Never seen it coming
That you would be gone
And I know that you'll be back for me
You'll come back to me I know you will
Life is so empty without you
And without you there is no me
And the only way that I can go on
Is if I wait for you [CHORUS]
Everyday I pray that you'll come to me
I just believe that him upstairs wont let me down
Yeah so
I'll wait forever
I'll wait forever
And i'll wait on this island without food or water
Praying for your ship to rescue me
I'll wait forever
I'll wait forever
Even though you're miles away from me
I will still be right here
I'll be waiting Everytime I try to move on
Something inside of me is always holding on
Thinking about these special things we did
Reminiscing on memories
Since you've been gone
My life hasn't been the same
Coz my heart wont
It wont let no one in [nooo]
And I don't see myself go on
Unless I wait for you [CHORUS] The night is falling
Wish you were calling
I feel all alone
O oh
This fog surrounds me
They still can't find me
I'm heading in the wrong
Direction

This world is magic
Yeah
This girl is magic
So i dream of you
In a sea of blue
You're my one and only I'll wait forever
I'll wait forever
And i'll wait on this island without food or water
Praying for your ship to rescue me
I'll wait forever
I'll wait forever
Even though you're miles away from me
I will still be right here
I'll be waiting
I'll be waiting
