

If

House of Heroes

I could be in love if you wore that dress everyday
With your hair just so and your eyes are gray
You'd make a beautiful bird on a line
A beautiful bride of Frankenstein, a beautiful drop of iodine
If you were mine, if you were mine, if you were mine I could be in love if the sun came out everyday
And set the sky on fire and the city gray
I'd be there at the drop of a dime
If you were mine, if you were mine, if you were mine If you were mine I'd tear the altar down
Of all that I've lost to romance
If you you were mine I'd risk my dignity
If only to give love a chance If you were mine I'd have the world
I'd have the world if you were mine I could be in love if the sirens sang everyday
You draw me closer to destiny
Give us a smile meant to shine
Me and my bride of Frankenstein, a beautiful bird on a line
If you were mine, if you were mine, if you were mine
Would you be mine? Could you be mine? If you were mine I'd tear the altar down
Of all that I've lost to romance
If you you were mine I'd risk my dignity
If only to give love a chance If you were mine I'd have the world
I'd have the world if you were mine
If you were mine I'd have the world
I'd have the world if you were mine
Oh, if you were mine If you were mine I'd have the world
I'd have the world if you were mine
If you were mine, if you were mine
I'd have the world, I'd have the world
If you were mine, if you were mine If you were mine I'd tear the altar down
Of all that I've lost to romance
If you you were mine I'd risk my dignity
If only to give love a chance If you were mine I'd have the world
I'd have the world if you were mine
If you were mine I'd have the world
I'd have the world if you were mine If you were mine I'd have the world
I'd have the world if you were mine
If you were mine I'd have the world
I'd have the world if you were mine If you were mine I'd have the world
I'd have the world if you were mine
