

The Click

Good Charlotte

Just because I walk like Obi Wan Kenobi
You people talk but you don't even know me
And that's alright 'cause I get down with GC
So I walk on and listen to their CD
Some people laugh
They do it just to spite me
Behind my back
They don't know what I see
But I don't care what they say
I don't need them anyway
I'll just go about my day
But anyway
You go out on Friday night
I'll stay in but that's all right
'Cause I have found a click to call my own
In crowd, out crowd, I don't care
Your crowd, my crowd, we can't share
'Cause I have found a click to call my own
Let's go
So come and talk to me on my computer screen
The best years of our lives aren't as easy as they seem
But one day we'll look back and then we'll have to laugh
They used to call us names, now they want our autograph
To get the girl and make the grade
It's all a show, it's all a game
And I would lose it if I played
It's all the same
So I don't care what they say

I don't need them anyway
I'll just go about my day
But anyway
You go out on Friday night
I'll stay in but that's all right
'Cause I have found a click to call my own
In crowd, out crowd, I don't care
Your crowd, my crowd, we can't share
'Cause I have found a click to call my own
She said she'd come

But I know she won't
She won't
She won't
You go out on Friday night
I'll stay in but that's all right
'Cause I have found a click to call my own
In crowd, out crowd, I don't care
Your crowd, my crowd, we can't share
'Cause I have found a click to call my own
I don't care what you say
I don't need you anyway
I'll just go about my day
But anyway
I don't care what you say
I don't need you anyway
I'll just go about my day
But anyway
