Empty Room

Sanna Nielsen

MmmSitting here alone with my memories
Staring at a picture of you and me
They say I look fine but if walls could talk
They'd tell you all about how much I break apart
I think we were right but we did it wrong
Ever since you left me I just can't go on
No, I can't even read the news today
Cause everything reminds me of yesterdayEmpty room, empty heart
Since you've been gone
I must move on
Empty roomI never realised it could make me cry
To hear the children laugh and play outside
A walk in the park shouldn't be that bad
But everything without you seems to make me sad
I thought we were good, we were meant to be
The way it turned out is still a mystery
No, I can't even read the news today
Reminds me of yesterdayEmpty room, empty heart
Since you've been gone
I must move on
Empty space, lonely days
My life goes on
Just like the moonAnd to sail across the sky alone
Forever trying to find it's home
I can't believe I have to say
I don't know where you are todayEmpty room, empty heart
Since you've been gone
I must move on
Empty space, lonely days
My life goes on
Just like the moon
Empty room, ohh empty room
