

# Over to You

## Riot

I can see you 'cross endless miles,  
I can see your distant smile  
Hangin' over  
I'm a rover, living all over  
follow  
Give it time, think it over  
Roll it over  
It's only a matter of time,  
only a matter of time,  
Before I turn it.  
Only a matter of time,  
over to you, over to you, over to you, over to you  
I'm a soldier, living by the rules  
so cool  
silly fool  
I'm a sailor  
seas, change directions  
with every passing breeze  
Shoot the breeze.
