Death Hammer Overload

Motorjesus

Eliminate
Black thunderbolt
When all the shitpiles
Turn to goldSo violate
Red Lucifer
Beholding trouble
Starting the warI know, death hammer overload
Violate, death hammer overloadGive it to meEvery time you have come
You're absorbing my power
Dislocated I am
And collapsing insideDamage the nerves
Distort in vainI know, death hammer overload
Violate, death hammer overloadNo flame or hellride, given me
No six gear drive could bring me clarity
