

# Collie Herb Man (Reactor Dub)

## Katchafire

What would you say if a collie man comes for you  
What would you do if a collie man comes for you yeah  
I'm gonna run and steppa  
To this here groove come down to the dance off hall  
Grooves tight geta grippa  
Come on and dance with me to the rhythm of love Collie herb man mixed with the sound system  
Me got some good karma ? it's good marijuana  
Come share it with me yeah  
Collie herb man mixed with the sound system  
Me got some good karma ? it's good marijuana  
What you gonna do if a collie man comes for you  
What would you say if a collie man comes for you yeah  
I'm gonna run and steppa  
To this here groove come down to the dance off hall  
Grooves tight geta grippa  
Come on and dance with me to the rhythm of love Collie herb man mixed with the sound system (x 4) We got the  
herb herbaliser?..
