Itâ€™s Got To Be Real (Live In Manchester)

Lisa Stansfield

All my life I keep on searching for that special thing
How I've tried to always find a love and understanding
To always see the light of day and to know that I am living
All my life I won't take if I'm not givingOnly when the rain comes down
Only when the lightning strikes me
Will I find the answer for myself[Chorus]
It's got to be real
Be the best nothing less than wonderful
It's got to be real this time
What's waiting there inside
It's got to be real
Knowing love know it can be powerful
It's got to be really love
So we can rise aboveAll my life I try to see the love inside myself
And I keep on trying in no uncertain terms
To let my light shine throughOnly when the rain comes down
Only when the lightning strikes me
Will I find the answer for myself[Chorus]To always see the light of day and to know that I am living
All my life I won't take if I'm not givingOnly when the rain comes down
Only when the lightning strikes me
Will I find the answer for myself[Chorus]
