VICTIM (Lyrics)

(Intro)

Oh na na na na na

Oh na na na na na

(Verse 1)

I'm sitting trying to understand I'm still in disbelief
This is how you treated me, how you treated me
I know that you failed to see, we were meant to be, oh, oh

-

No you never really even took the time to care for me,
Selfish of you baby all you did was cheat
I think it's time for me to pack my things and leave
Before it gets real

(Pre)

I've got ma pistol in hand and I'm ready to squeeze
Oh na na na na na
You built up my hopes but you killed all my dreams
Oh na na na na na

-

You really did me wrong
Oh na na na na na
But you keep holding on you say ma love's too strong
There goes ma gun...

(Chorus)

Now I've got another victim
Whose been shot by ma love
Yes I've got another victim
Who can't seem to run
Now I've got another victim
Broken hearts and blood
So now I have another victim
Call 911

(Verse 2)

And now i really know, now i really know
That you didn't wanna see this grow, wanna see us grow
You tried to keep it on the low

but now the truth is all, exposed
A, so tell it, so tell it, how are u feeling now
Now that I'm the one that's dealing cold
And baby if u ever dare explode
Ram-pa-pa-pam pow!

(Pre)

I've got ma pistol in hand and I'm ready to squeeze
Oh na na na na na
You built up my hopes but you killed all my dreams
Oh na na na na na

-

You really did me wrong
Oh na na na na na
But you keep holding on you say ma love's too strong
There goes ma gun...

(Chorus)

Now I've got another victim
Whose been shot by ma love
Yes I've got another victim
Who can't seem to run
Now I've got another victim
Broken hearts and blood
So now I have another victim
Call 911

I've got another victim
(No, no, no, no, no, no)
Oh, na, na, na, na, na.....na

(Victim)

(Better call 911)
(No, no, no, no, no, no)
(Some body call 911)

And now I've got another victim
Whose been shot by ma love
Yes I've got another victim
Who can't seem to run
Now I got another victim
Broken hearts and blood
So now I have another victim
Call 911

And now I've got another victim

Whose been shot by ma love
Yes I've got another victim
Who can't seem to run
Now I got another victim
Broken hearts and blood
So now I have another victim
Call 911
