Hey DJ

Wit my apparatus in these sacks

They never kill me, but at will see
I grip the illy with the really
And MCs could never twist me unless I was in their Phillys
Come on really, I turn silly on billys
To big willys like Tommy Willis
Understand the last man standin' like Bruce Willis

Hey DJ lets play that song keep me dancin' all night
Hey DJ lets play that song keep me dancin' all night

Don't let it end till you let it begin,
We want yo hands in the air 'cause we back again
With Hershey L-O double see doe, funk by the kilo

And we know, how to keep it on the G Low
Incognito, from the Beach to Puerto Rico
I rolls the dice and my nigga plays see-Low
Warren G doe, search the lethal like chico
And nowadays with ways like car lethal
Funk to Kito, my weapons too lethal
I'm checkin on my Mic there's no equal to my sequel
Okay party people to the people the people the people the people and the playaz

Now as my pen, begin to let loose again
The bullets like duck, duck, goose, stuck
In the middle of a frame, buck, wit a little bit a game, stuck
And its a muthafuckin' shame
But I'm still here to maintain and run thangs
As the day gets clearer, I'm lookin' in my rear view mirror
And I hear a, nigga that I used be down with
A nigga that I used to clown with
And get around with, fuck the pound shit
They don't make niggaz like they used to
I remember Marley in the Juice Crew
That's why I stay down with LBC days
It ain't easy

Okay party people to the people the people the people the people and the playaz
