

Hungry For Heaven

Dio

You're a dancer
But you're dancing on air
Just a matter of time till you fall You're a dreamer
One night at the fair
But still you want it all You're in danger
The last of a line
But the vision lasts forever So just hold on
You can make it happen for you
Reach for the stars and you will fly You're hungry for Heaven
Hungry for Heaven
Hungry for Heaven
But you need a little Hell You're a runner
But you're chasing yourself
Feel the hot breath on your shoulder You're emotion
Running cold running warm
The young just getting older We are sunlight
We can sparkle and shine
And our dreams are what we're made of So just hold on
You can make it happen for you
Reach for the stars and you will fly You're hungry for Heaven
Hungry for Heaven
Hungry for Heaven
But you need a little Hell, hungry You're hungry for Heaven
Hungry for Heaven
Hungry for Heaven
Hungry for Heaven You're hungry for Heaven
Hungry for Heaven
Hungry for Heaven
So hungry for Heaven
You're hungry for Heaven You're a dancer
But you're dancing on air
You're a dreamer
One night at the fair You're hungry
Hungry for Heaven [Incomprehensible]
Just a dreamer for better life You're hungry
Hungry for Heaven
Yeah hungry
Hungry for Heaven
Hungry for Heaven

Hungry for Heaven
