If you want to save some trouble in your life  
girl you better listen now take my advice  
if you want save your dignity and grace  
never fall for a handsome facenever never pick a pretty boy  
there'll be trouble more than joy  
never never pick a pick a pretty boy  
there'll be trouble more than joyhe'll say that you're his your pride and joy  
but don't be fooled girl never pick a pretty boy
