

Money

Dj Khaled

[Verse 1 - Young Jeezy] I can't even walk
My pockets too heavy
Got that .40 on me now
Them choppers too heavy
Told them you got to fall back
I can't sneak you in the club
He said "I'm in the car you need me my nigga"
Nothing but love
Last blunt ? so much smoke I can't see you
Ain't over here, look I wouldn't want to be you
Talking so many bitches we got bitches on bitches
Way she moving that ass I think the bitch got switches
Pull up to this bitch Escalade full of killers
Now only thing realer Escalade full of scrilla
Louis V. to the back, half a rack for the snap back
Wiz Khalifas on the coupe, I'm talking black and yellow flapjacks

[Chorus - Young Jeezy] When I talk I be talking about money
So please don't talk to me if you ain't talking about money
Weed, coke, ecstasy, nah we talking about money
Don't know what went wrong with me
Because I be talking about money
We talking about money

Let the money talk (Money)
Let the money talk (Money)
Let the money talk (Money)
Let the money talk (Money)
Let the money talk (Money)
Let the money talk (Money)

[Verse 2 - Ludacris] LUDA!

I'm talking about money you never seen, hoe
The Incredible Hulk, so much paper I'm turning green, hoe
Green Giant, I want it, I buy it
Y'all just ballers on a budget
Your money's on a diet
And I'm laughing you such a riot
David verse your Goliath

Let my money talk for me
Hear them, shh, be quiet
Hamilton said "Was happening?"
Jackson said "What it do?"
Grant chucked up a deuce
My Benjamin said "Fuck you!"
Ahhhhh
It cost money to fund a war nigga
I'll have you laying right on the floor nigga
And take you higher
I'm a lover not a fighter
But if a rappers getting gassed
Than I'm the first one to light her

[Chorus]

[DJ Khaled] More money, more problems
So bring the problems
