

Mistress for Christmas

[AC/DC](#)

Jingle bells, jingle bells
Jingle all the day
I just can't wait till Christmas time
When I can roll 'em in the hay Easy come, easy go
Have a good time with lots of dough
Slippin' up high, slippin' down low
Love'm and leave'm on with the show Olay Listen, I like female form in minimal dress
Money to spend with a capital 'S'
Get a date with the woman in red
Wanna be in heaven with three in a bed Said "Yeah"
He got it, I want it
They got it, I can't have it
But I want it, it don't matter
She got it, but I can't get it
I want a Mistress for Christmas
I want a Mistress for Christmas
I got it
Haha yeah
I want a Mistress for Christmas
Come On Easy come, easy go
Slippin' high, slippin' low yeah Alright
He got it, I want it
They got it, I can't have it
I want it, don't matter
She got it, and I can't get it -
Mistress (he got it, and I want it) Christmas
They got it, I can't have it
Mistress (I want it, it don't matter) for Christmas
She got it, and I can't get it
Mistress for Christmas You know what I'm talkin' about
Mistress for Christmas
You better shut the door, you better shut the door
Mistress for Christmas
I want the woman in red with bow in my bed Mistress for Christmas
I can hear you coming down my smoke stack
I wanna ride on your reindeer honey and ring the bells
