

Where The Kids Are (Branded James Remix)

Blondfire

I can't blame it all on you
'Cause I'd be wrong
All in all, all all, in all
You're such a beautiful girl Don't take my chances
Smile for the lenses Live it up, you're growing up
Parties in the wilderness of life
Light it up, just give it up
Where the kids are running free tonight The cars on the avenues
Can wait in line
All in all, all all, in all
Lived out this innocent time Gold roads leave Kansas
Scarecrow loves dances Live it up, you're growing up
Parties in the wilderness of life
Light it up, just give it up
Where the kids are running free tonight They're running free tonight
They're running free
They're running free tonight Live it up, you're growing up
Parties in the wilderness of life
Light it up, just give it up
Where the kids are running free tonight Live it up, you're growing up
Parties in the wilderness of life
Light it up, just give it up
Where the kids are running free tonight Where the kids are running free tonight
Where the kids are running free
