Pyramids

Noonie Bao

[Verse 1]
I'm done my time for waiting
I'm done my time for life
I'm gonna lead and find my way out
You had me overthinking but now I realised
That all you did was wrong, I was right[Pre-Chorus]
Have you been feeling sad, baby
You need my help again
Been kind of low and you need a friend
Sentimal words, won't be the same again
Life doesn't hurt without you[Chorus]
And now I'm on top of the pyramids, unwind
And I'm never gonna come back down
So if somebody's trying to take me out
Better not be scared of heights
And now I'm on top of the pyramids, unwind
And I'm never gonna come back down
So if somebody's trying to take me out
Better not be scared of heights[Verse 2]
I used to run for cover
Running into the wild
I shut my mouth and never ask twice
I guess it's hard to be brave when you're paralyzed
But now I see truth in your lies[Pre-Chorus]
Have you been feeling sad, baby
Been kind of low and you need a friend
Sentimental words, won't be the same again
Life doesn't hurt without you[Chorus]
And now I'm on top of the pyramids, unwind
And I'm never gonna come back down
So if somebody's trying to take me out
Better not be scared of heights
I'm on top of the pyramids, unwind
And I'm never gonna come back down
So if somebody's trying to take me out
Better not be scared of heights[Bridge]
What you need from me?
What you need from me, when all you need is life?
What you need from me?

What you need from me, when all you need is life?[Chorus]
And now I'm on top of the pyramids, unwind
And I'm never gonna come back down
So if somebody's trying to take me out
Better not be scared of heights
I'm on top of the pyramids, unwind
And I'm never gonna come back down
So if somebody's trying to take me out
Better not be scared of heights[Outro]
I'm never coming back down
Better not be scared of heights
I'm never coming back down
Better not be scared of heights
I'm never coming back down
Better not be scared of heights
I'm never coming back down
Better not be scared of heights
I'm never coming back down
Better not be scared of heights
I'm never coming back down
Better not be scared of heights
