

# Wouldn't You Like To Know Me

Paul Stanley

I've been lonely but I feel alright  
You got another baby, hold him tight, you know  
You been pushin' and you won't get me tonight  
I've been your lover, but I'm not your fool  
You wanna to teach me but I'm not in school, you know  
You been pushin' and you won't get me tonight  
You come a-crawlin', but you're much too late  
You've got the key, but babe I locked the gate  
I tried to call you when you were not home  
Nobody likes to spend the nights alone  
Wouldn't you like to know me  
And wouldn't you like to show me you care  
Wouldn't you like to take me  
And wouldn't you like to make me, whoo yeah  
You're good lookin' so you get your way  
You been lucky, baby, not today, because  
You been pushin' and you don't get me tonight  
You come a-crawlin', but you're much too late  
You've got the key, but babe I locked the gate  
I tried to call you when you were not home  
Nobody likes to spend the nights alone  
Wouldn't you like to know me  
And wouldn't you like to show me you care  
Wouldn't you like to take me  
And wouldn't you like to make me, whoo yeah  
Lets' go  
Wouldn't you like to know me  
And wouldn't you like to show me you care  
Wouldn't you like to take me  
And wouldn't you like to make me, whoo yeah  
Wouldn't you like to know me  
And wouldn't you like to show me you care  
Wouldn't you like to take me  
And wouldn't you like to make me, whoo yeah  
Wouldn't you like to know me  
And wouldn't you like to
