

One Sweet Day

Boyz II Men

Sorry I never told you
All I wanted to say
And now its too late to hold you
Cause youve flown away, so far away Never had I imagined
Youre living without your smile
Feeling and knowing you hear me
It keeps me alive, alive And I know youre shining down on me from heaven
Like so many friends weve lost along the way
And I know eventually well be together one sweet day
(Together)
(And all that I know is I'll wait patiently to see you in Heaven) Darlin, I never showed you
(No, no, no, no, no, no, I never showed you)
Assumed youd always be there
(Always, always be there, I thought youd always be there)
I took your presence for granted
But I always cared and I miss the love we shared
(But I always cared) And I know youre shining down on me from heaven
Like so many friends weve lost along the way
(Lost along the way)
And I know eventually well be together one sweet day
(I know, I know)
(And all that I know is I'll wait patiently to see you in Heaven) Although the sun will never shine the same
Ill always look to a brighter day, yeah, yeah
Lord, I know when I lay me down to sleep
You will always listen as I pray And I know youre shining down on me from heaven
Like so many friends weve lost along the way
(Like so many)
And I know eventually well be together one sweet day
(Yes, I know, I know well be together) And I know youre shining down on me from heaven
(Ill see you eventually)
Like so many friends weve lost along the way
(I know youre lookin down from Heaven)
And I know eventually well be together one sweet day
(Yes, we will)
(One sweet day, whoa) And all that I know is I'll wait patiently
To see you in Heaven Sorry I never told you
All I wanted to say
