Feel Good Time

The Countdown Singers

Doo, doo, dooWe go where we like, we got over time
We get paid to rattle our chains
We go in the back, paint our money black
Spend it on the enemySleeping in the church, riding in the dirt
Put a banner over my grave
Make a body work, make a beggar hurt
Sell me something big and untamedNow our time, real good time
(Doo, doo, doo)
Now our time, a real good time
(Doo, doo, doo)Now our time
(Said now our time)
A real good time
(It's a really good time)
Baby, be all mineWe know how to pray, party everyday
Make our desolation look plain
Riding in a rut, till the powers cut
We don't even have a good nameSleeping in the church, riding in the dirt
Put a banner over my grave
Make a body work, make a beggar hurt
Sell me something big and untamedNow our time, real good time, ooh
(Doo, doo, doo)
Now our time, a real good time
(Doo, doo, doo)Now our time
(Now it our time)
A real good time
Baby, be all mine
Doo, doo, doo, baby
(Sell me somethin' big and untamed)Now are time, real good time, oh
(Doo, doo, doo)
Now our time
(I said now our time)
(Doo, doo, doo)Real good time
(It's a real good time)
Now are time, real good timeFeel good
Real good, it's the same old same
Real good
Feel good, don't got no more brainsFeel good
Real good, it's the same old same, yeah
Feel good

Real good, I don't got no more brain
