

New Friend Request

Gym Class Heroes

I remember when I first laid eyes on you
My man Tom introduced us but I was too shy to say, ?Hi?
When I finally built up enough nerve to drop a line
You made it clear you wasn't just another MySpace mistress
I didn't take it personal
When you ignored my request to be your friend
I spilled my guts and hit send
Waited two weeks for a response and got nothing
Honestly, it only made me want you more
Week four rolled around and I was this close to letting go
But something wouldn't let me even though I hardly knew you
It was plain to see we were meant to lock lips
You knock me out with the brass knuckle tats on your hips
I was on this website late night lurking
When I got a message from you that was labeled, ?Urgent!?
You said that you weren't impressed by lame dudes with no game
They're all the same trying to get your instant messaging name
But the fact that you hit me back made me smile
You must of saw something you liked
When you were skimming through my profile
You caught me at the most pivotal moment
So now I'm e-mailing my love with a dozen digital roses
Just click approve
It's so simple
Show me some kind of sign
And let me know it's time to make my move
Click approve
Come on girl
Baby I'm one of a kind
And I ain't got time to lose
Click approve
You're killing me here
Show me some kind of sign
And let me know it's time to make my move
Click approve
Come on girl
Baby I'm one of a kind
And I ain't got time to lose
Let's face it, it's a sad situation

When we have to resort to keyboards as a means to making relations

But I don't have the patience, I get straight to the point

So this is me at my most honest

No ego, no gym class status, just Travis

Love it or leave it, but you gotta admit

On a scale of one to awesome, I'm the shit

Just get over it and add me god damn it

I've been waiting too long

I even wrote a song about it

Like to here it? here it go

If I'm being too annoying, let me know

(Just let me know)

But it's hard for me to not hate, when I'm on MySpace

I never see my face in your top eight

Approaching six weeks now

It's kinda obvious that your either occupied or playing a game

All my money is on the latter

This is not an 'LOL' matter

Why would you pass up a chance this great?

If there was two forces, and I split them down the middle

I could swing back and forth for three days, rephrase

If I had two horses and I beat them with authority

I'd gallop all the way to Canada to see your face

But all I got is this Power Book and iChat

Besides I hit you all the time and you never write back

I stay on my feet

(Shit)

And be persistent until my name is under who you'd like to meet

Just click approve

It's so simple

Show me some kind of sign

And let me know it's time to make my move

Click approve

Come on girl

Baby I'm one of a kind

And I ain't got time to lose

Click approve

You're killing me here

Show me some kind of sign

And let me know it's time to make my move

Click approve

Come on girl

Baby I'm one of a kind

And I ain't got time to lose

Who cares if we don't know each other's last name?
All I know is that I'm smittin' with your pictures
Wishing you would feel the same
I admit I get a little jealous when other dudes leave you comments
Don't let it gash you up, it's all nonsense
Maybe I've been romancing a thought
Of me and you speaking in tongues
In this mansion I bought but it's all wishful thinking
Just give me some kind of sign
And let me know I'm not freaking you out
And if you lovin' what I'm speaking about than sing something
I check my inbox ten times and ain't nothing
You probably busy doing something sexy
I just hope I'm in your thoughts next time you log in
And if not, ain't no love lost between you and me
I'll be here like your man in fully down as he used to be
So yeah, it's time to sign out my vision's getting blurry
This is madness, XOXO dash Travis
Just click approve
It's so simple
Show me some kind of sign
And let me know it's time to make my move
Click approve
Come on girl
Baby I'm one of a kind
And I ain't got time to lose
Click approve
You're killing me here
Show me some kind of sign
And let me know it's time to make my move
Click approve
Come on girl
Baby I'm one of a kind
And I ain't got time to lose
