

# Across The Great Divide

Wolf, Kate

Over mountains  
That's where my love lives  
A long, long ride to sunland  
Here, where I did this  
Across the great divide alone  
Wondering, open, afraid and  
Arriving alive, unknown  
Unknown, unwise and unaided  
If I could, I might  
Send my love on a plane ride  
A black cross high in a blue sky  
A green cross gliding on a million pines  
Across the great divide alone  
Wondering, open, afraid and  
Arriving alive, unknown  
Unknown, unwise and unaided  
Across the great divide alone  
Wondering, open, afraid and  
Arriving alive, unknown  
Unknown, unwise and unaided  
Across the great divide alone  
Wondering, open, afraid and  
Arriving alive, unknown  
Unknown, unwise and unaided  
Across the great divide alone  
Wondering, open, afraid and  
Arriving alive, unknown  
Unknown, unwise and unaided  
Across the great divide alone  
Wondering, open, afraid and  
Arriving alive, unknown  
Unknown, unwise and unaided
