

# Caught in a Trap (U.K. B-Side)

## Electric Light Orchestra

Sometimes you get caught in a trap and you don't know it  
Sometimes it's better to get out before you blow it  
Some people never learn they keep on falling  
You can never get out if you keep on stalling. Then you get caught in a trap, caught in dead end  
Caught in a trap with nowhere to run  
Then you get caught in a trap, caught in dead end  
Nowhere to turn, but it can't go on. Caught in a trap.  
Sometimes you got to know where to run for cover  
Sometimes you're better out 'till the heat is over. Or you get caught in a trap, caught in dead end  
Caught in a trap with nowhere to run  
Then you get caught in a trap, caught in dead end  
Nowhere to turn, but it can't go on. Caught in a trap. Don't know how it happens, but then it's too late  
Then you gotta move on the times you contemplate. 'Cause you got caught in a trap, caught in dead end  
Caught in a trap with nowhere to run  
Then you got caught in a trap, caught in dead end  
Nowhere to turn, but it can't go on. Caught in a trap, caught in dead end  
Caught in a trap with nowhere to run  
Caught in a trap, caught in dead end  
Nowhere to turn, but it can't go on.  
Caught in a trap  
Caught in a trap  
Caught in a trap  
Caught in a trap...
