

I Saw What You Did And I Know Who You Are

Local H

Maybe the life I've left
Is comin' back for me
Maybe the life I've left
Is comin' back for me
Maybe to beat you, cheat you
Maybe it's twisted, fisted
Impartin' the words to impeach you
It's all right, it's all right Maybe, wanna play?
This one is turnin' sour
By the hour
The hour
Maybe, wanna play?
This one is turnin' sour
By the hour
The hour, the hour Maybe the life I've left
Is comin' back for me
Maybe the life I've left
Is comin' back for me
Maybe to beat you, cheat you
Maybe it's twisted, fisted
Impartin' the words to impeach you
It's all right, it's all right Maybe, wanna play?
This one is turnin' sour
By the hour
The hour
Maybe, wanna play?
This one is turnin' sour
By the hour
The hour, the hour Maybe the life I've left
Is comin' back for me
Maybe the life I've left
Is comin' back for me Maybe the life I've left
Maybe the life I've left
Maybe the life I've left
Is comin' back on me
Is comin' back on me
Is comin' back on me Maybe the life I've left
Maybe the life I've left
Maybe the life I've left

Maybe the life I've left Maybe, wanna play?

This one is turnin' sour

By the hour

The hour

Maybe, wanna play?

This one is turnin' sour

By the hour

The hour, the hour
